

# JOÃO FERNANDES

## PROJECT MANAGER || DATA ANALYST

Bangkok, Thailand | +66 957 155 487 | joao\_fernandess17@hotmail.com

### PROFILE SUMMARY

I bring 3 years of project management and data analysis experience, complemented by my academic background in finance. Proficient in Python, SQL, and Power BI, I extract valuable insights from data, and I have successfully applied the Scrum framework in project management. My finance foundation provides a unique perspective, enabling me to excel in data-driven projects and offer actionable solutions. Furthermore, I am concurrently engaged in two side projects—a football academy and an online vegan platform—where I actively apply and enhance my data analysis skills to strengthen decision-making.

### PROFESSIONAL SKILLS

SQL          Python          Next.js  
Power BI      Javascript      Node.js
